- m. MHBG Table 23B (URS Table 20B) Profile of Forensic Patients Readmission to Any State Psychiatric Inpatient Hospital within 30/180 Days of Discharge
- n. MHBG Table 24 (URS Table 21) Profile of Non-Forensic (Voluntary and Civil-Involuntary Patients) Readmission to Any Psychiatric Inpatient Care Unit (State Operated or Other Psychiatric Inpatient Unit) within 30/180 Days of Discharge

States and jurisdictions are required to complete the reporting document. The reporting document is comprised of the following sections:

Section A. Introduction

Title XIX, Part B, Subpart III of the Public Health Service Act (42 U.S.C. 300x-52(a)), requires the secretary of the Department of Health and Human Services, acting through the administrator of the Substance Abuse and Mental Health Services Administration (SAMHSA), to determine the extent to which states and jurisdictions have implemented the state plan for the prior fiscal year. The purpose of the annual report is to provide information to assist the secretary in making this determination.

States and jurisdictions are requested to prepare and submit their reports for the last completed state fiscal year (SFY), in the format provided in this guidance. The report will address the purposes for which the MHBG were expended, the recipients of grant funds, and the authorized activities conducted, and services purchased with such funds. Particular attention should be given to the progress made toward accomplishing the goals and performance indicators identified in the states and jurisdictions' plans.

All states and jurisdictions are required to prepare and submit their respective reports utilizing SAMHSA's Web Block Grant Application System (BGAS). This report must be received by SAMHSA no later than December 1, in order for the state or jurisdiction to receive its next grant. If the due date falls on a weekend or federal holiday, the report will be due on the next business day. The following schedule includes specific due dates for annual reports:

Due Dates for MH and Combined BG Components				
2018	9/1/2017	Yes	7/1/17 – 6/30/19	12/1/2017 Report year is Last Completed SFY
2019	9/1/2018	No*	Updates only	12/1/2018 Report year is Last Completed SFY

Section B: Implementation Report - In this section, states, and jurisdictions are required to provide a brief review of the extent to which their respective plans were implemented, the progress towards the priorities and goals identified in the Block Grant plan, covering the last completed fiscal year. The report should also include a brief review of areas, the state, or jurisdiction identified in that Block Grant Plan, as needing improvement and changes, the state, or jurisdiction would propose to achieve the goals established for the priorities.

Section C: State Agency Expenditure Reports - In this section, states and jurisdictions should provide information regarding expenditures for authorized activities and services for mental health.

Section D: Populations and Services Report - In this section, states, and jurisdictions must provide specific information regarding the number of individuals, served with MHBG funds. In addition,

states and jurisdictions should provide specific information regarding the services, these individuals received.

Section E: Performance Indicators and Accomplishments - In this section of the report, states, and jurisdictions are required to complete the Performance Indicator tables. Performance indicators should be reported using the table format provided in this document. The purpose of the performance indicator tables is to show progress made over time as measured by SAMHSA's National Outcome Measures (NOMS) for mental health services including any state- or jurisdiction-selected performance indicators.

B. Implementation Report

The information states and jurisdictions entered into the performance indicator tables (Plan Table 1) in the planning section of the 2018/2019, Behavioral Health Assessment and Plan will automatically populate cells 1 – 6 in the progress report tables below. States and jurisdictions are required to indicate whether each first-year performance target/outcome measurement identified in the 2018/2019 Plan was “Achieved” or “Not Achieved” in Cell 7, Report of Progress toward goal attainment. If a target was not achieved, a detailed explanation must be provided and remedial steps proposed to meet the target.

MHBG Table 1 - *Priority Area and Annual Performance Indicators – Progress Report*

Priority Areas and Annual Performance Indicators	
1. Priority Area:	2. Priority Type (SAP, SAT, MHP, MHS):
3. Population(s) (SMI, SED, FEP, PWWDC, IVDUs, HIV EIS, TB, OTHER):	
4. Goal of the priority area:	
5. Strategies to attain the goal:	
6. Annual Performance Indicators/objectives to measure goal success: Indicator #1:	
a) Baseline measurement (Initial data collected prior to the first-year target/outcome):	
b) First-year target/outcome measurement (Progress – end of SFY 2018):	
c) Second-year target/outcome measurement (Final – end of SFY 2019):	
d) Data source:	
e) Description of data:	
f) Data issues/caveats that affect outcome measures:	
7. Report of Progress toward Goal Attainment: First-year Target: ____ Achieved ____ Not Achieved (If not achieved, explain why.)	
Reason why target was not achieved, and changes proposed to meet target:	

C. State Agency Expenditure Reports

States and jurisdictions should provide information regarding MHBG and state funds expended for authorized activities to prevent and treat mental illness during the last completed SFY. Please complete the tables described below.

Please Note: Data for all tables contained in the Uniform Reporting System (URS) will continue to be submitted into the URS database maintained by the URS Contractor. Please complete the tables described below.

MHBG Table 2 (URS Table 7) - *State Agency Expenditure Report*. MHBG Table 2 provides information on Mental Health Expenditures and Sources of Funding. This includes funding from Medicaid, the MHBG and other federal funding sources, state, local and other funds.

MHBG Table 2b - *State Agency First Episode Psychosis Expenditures Report*: MHBG Table 2b provides information on Mental Health Expenditures and Sources of Funding for the First Episode Psychosis set-aside. This includes funding from Medicaid, the MHBG and other federal funding sources, state, local and other funds.

MHBG Table 3 - *Set-aside for Children's Mental Health Service*: This table provides a report of statewide expenditures for children's mental health services during the last completed SFY. States are required to provide systems of integrated services for children with SED. Each year the State shall expend not less than the amount expended in FY 1994. If there is a shortfall in funding available for children's mental health services, the state may request a waiver. A waiver may be granted if the Secretary determines that the State is providing an adequate level of comprehensive community mental health services for children with SED, as indicated by comparing the number of children in need of such services with the services actually available within the State. The Secretary shall approve or deny the request for a waiver no later than 120 days after the request has been made. A waiver granted by the Secretary shall be applicable only for the fiscal year in question.

MHBG Table 4 (URS Table 8) - *Profile of Mental Health Block Grant Expenditures for Non-Direct Service Activities*. MHBG Table 4 is used to report expenditures of MHBG funds for non-direct service activities that are funded or conducted by the State Mental Health Authority during the last completed SFY.

MHBG Table 5 (URS Table 10) - *Profiles of Agencies Receiving Block Grant Funds Directly from the state MHA*. This table, reports payments to recipients of MHBG funds including intermediaries, (e.g., administrative service organizations, and other organizations), which provided mental health services during the last completed SFY, including services for those with a first episode psychosis.

MHBG Table 6 - *Maintenance of Effort for Statewide Expenditures for Mental Health Service*: This table reports, expenditures of all statewide, non-Federal expenditures for authorized activities to prevent and treat mental illness during the last completed SFY.

MHBG Table 2a (URS Table 7) - *MHBG State Agency Expenditure Report*

This table describes expenditures for public mental health services provided or funded by the state mental health agency by source of funding. **Include ONLY funds expended by the executive branch agency administering the Mental Health Block Grant.**

SFY 2016		
SFY 2017		

If any estimated expenditures are provided, please indicate when “actual” expenditure data will be submitted to SAMHSA: ____/____/____
mm/dd/yyyy

States are required to submit sufficient information for the Secretary to make a determination of compliance with the statutory maintenance of effort (MOE) requirements.¹ MOE information is necessary to document that the State has maintained expenditures for community mental health services at a level that is not less than the average level of such expenditures maintained by the State for the 2-year period preceding the fiscal year for which the State is applying for the grant. The State shall only include community mental health services expenditures for individuals that meet the federal or state definition of SMI adults and SED children. States that received approval to exclude funds from the maintenance of effort calculation should include the appropriate MOE approval documents.

A. MOE Exclusion

The Secretary may exclude from the aggregate amount any State funds appropriated to the principal agency for authorized activities of a non-recurring nature and for a specific purpose.²

A request for an MOE exclusion should meet the following requirements:

The State shall request the exclusion separately from the application.

The request shall be signed by the State's Chief Executive Officer or by an individual authorized to apply for CMHS Block Grant on behalf of the Chief Executive Officer.

The State shall provide documentation that supports its position that the funds were appropriated by the State legislature for authorized activities which are of a non-recurring nature and for a specific purpose; indicates the length of time the project is expected to last in years and months; and affirms that these expenditures would be in addition to funds needed to otherwise meet the State's maintenance of effort requirement for the year for which it is applying for exclusion.

The State may not exclude funds from the MOE calculation until such time as the SAMHSA Administrator has approved in writing the State's request for exclusion.

¹Section 1915(b)(1) of the PHS Act (42 USC 300x-4).

²Section 1915(b)(2) of the PHS Act (42 USC 300x-4).

B. MOE Shortfalls

States are expected to meet the MOE requirement. If a State cannot meet the MOE requirement, the legislation permits relief, based on the recognition that extenuating circumstances may explain the shortfall. These conditions are described below.

1. Waiver for Extraordinary Economic Conditions

A state may request a waiver to the MOE requirement if it can be demonstrated that the MOE deficiency was the result of extraordinary economic conditions that occurred during the State Fiscal Year in question. An extraordinary economic condition is defined as a financial crisis in which the total tax revenues declined at least one and one-half percent, and either the unemployment increases by at least one percentage point, or employment declines by at least one and one-half percent.

2. Material Compliance

If the state is unable to meet the requirements for a waiver under extraordinary economic conditions, the authorizing legislation does permit the Secretary, under certain circumstances, to make a finding that even though there was a shortfall on the MOE, the State maintained material compliance with the MOE requirement for the fiscal year in question. Therefore, the State is given an opportunity to submit information that might lead to a finding of material compliance. The relevant factors that SAMHSA considers in making a recommendation to the Secretary include: (1) whether the State maintained service levels; (2) the State's mental health expenditure history; and (3) the State's future commitment to funding mental health services.

D. Populations and Services Report

States and jurisdictions are requested to provide information regarding individuals that are served by the state mental health authority using MHBG Tables 7 through 14.

MHBG Table 7 (URS Table 1) *Profile of the State Population by Diagnosis*: MHBG Table 7 provides the number of Adults with serious mental illness (SMI) and Children with serious emotional disturbance (SED) in the reporting year and in three years forward.

MHBG Tables 8A and 8B (URS Tables 2A and 2B) *Profile of Persons Served, All Programs by Age, Gender and Race/Ethnicity*: MHBG Tables 8A and 8B provide an aggregate profile of unduplicated persons in the reporting year. The reporting year should be the latest SFY for which data are available. This profile is based on a client receiving services in programs provided or funded by the state mental health agency. The client profile takes into account all institutional and community services for all such programs. States and jurisdictions are to provide this information on all programs by age, gender, and race/ethnicity.

MHBG Table 9 (URS Table 3) *Profile of Persons Served In the Community Mental Health Settings, State Psychiatric Hospitals and Other Settings*: MHBG Table 9 provides an aggregate profile of unduplicated persons in the reporting year for services funded through the MHBG. The reporting year should be the latest SFY for which data are available. This profile is based on a client receiving services in programs provided or funded by the MHBG. The client profile takes into account all institutional and community services for all such programs. States and jurisdictions are to provide this information on all programs by age, gender, and race/ethnicity.

MHBG Table 10A and 10bB (URS Tables 5A and 5B) *Profile of Clients by Type of Funding Support* MHBG Tables 10A and 10B provide the number of female and male clients by race and ethnicity that have Medicaid Only, Non-Medicaid Sources, Both Medicaid and Non-Medicaid, and Status Not Available.

MHBG Table 11 (URS Table 6) *Profile of Client Turnover* MHBG Table 11 requests information regarding the profile of client turnover in various out-of-home settings (e.g. state hospitals, inpatient psychiatric hospitals, residential treatment centers). Information collected by this table requests admissions, discharges, and length of stay.

MHBG Table 12 (URS Table 12) *State Mental Health Agency Profile* MHBG Table 12 provides the Populations covered in state hospitals and community program in age categories 0-3, 4-17 and 18 and above.

MHBG Tables 13A and 13 B (URS Tables 14A and 14B) *Profile of Persons with SMI/SED Served By Age, Gender and Race/Ethnicity*
MHBG Tables 13A, and 13B request counts for persons with SMI or SED using the definitions provided by the CMHS. MHBG Tables 13A and 13B included individuals receiving services in programs provided or funded by the state mental health agency. These tables count only clients who meet the CMHS definition of SMI or SED. States and jurisdictions should report using the Federal Definitions of SMI and SED if they can report them, if not, please report using the state's definitions of SMI and SED and provide information in these tables describing your state's definition.

MHBG Table 14 (URS Table 15A) *Profile of Persons Served in the Community Mental Health Settings, State Psychiatric Hospitals, and Other Settings for Adults with SMI and Children with SED* This table provides a profile for Adults with Serious Mental Illnesses (SMI) and Children With Serious Emotional Disturbances (SED) that received public funded mental health services in community mental health settings, in state psychiatric hospitals, in other psychiatric inpatient programs, and in residential treatment centers for children.

MHBG Table 7 (URS Table 1). Profile of the State Population by Diagnosis

This table summarizes the estimates of adults residing within the state with serious mental illness (SMI) and children residing within the state with serious emotional disturbances (SED). The table calls for estimates for two-time periods, one for the report year and one for three years into the future. CMHS will provide this data to states based on the standardized methodology developed and published in the Federal Register and the state level estimates for both adults with SMI and children with SED.

MHBG Table 7

Report Year:

State Identifier:

	Current Report Year	Three Years Forward
Adults with Serious Mental Illness (SMI)		
Children with Serious Emotional Disturbances (SED)		
Note: CMHS will complete this table for the states.		

MHBG Table 8A (URS Table 2A). Profile of Persons Served, All Programs by Age, Gender, Race/Ethnicity

This table provides an aggregate profile of persons in the reporting year. The reporting year should be the latest state fiscal year for which data are available. This profile is based on a client receiving services in programs provided or funded by the state mental health agency. The client profile takes into account all institutional and community services for all such programs. Please provide unduplicated counts if possible.

Please report the data under the categories listed - "Total" are calculated automatically

MHBG Table 10A. Profile of Clients by Type of Funding Support (URS Table 5A)

This table provides a summary of clients by Medicaid coverage. Since the focus of the reporting is on clients of the public mental health service delivery system, this table focuses on the clientele serviced by public programs that are funded or operated by the State Mental Health Authority. Persons are to be counted in the Medicaid row if they received a service reimbursable through Medicaid.

Please note that the same person may be served in both Medicaid and Non-Medicaid programs during the same reporting period.

MHBG Table 10A												
Report Period From:				To:

3.b.1	Percentage of adults meeting Federal definition of SMI who also have a diagnosis of substance abuse problem:		
3.b.2.	Percentage of children/adolescents meeting the Federal definition of SED who also have a diagnosis of substance abuse problem:		
3b.3	Please describe how you calculate and count the number of persons with co-occurring disorders		
4 State Mental Health Agency Responsibilities			
a. Medicaid: Does the State Mental Health Agency have any of the following responsibilities for mental health services provided through Medicaid? (Check All that Apply)			
1. State Medicaid Operating Agency		<input type="checkbox"/> Yes	
2. Setting Standards		<input type="checkbox"/> Yes	
3. Quality Improvement/Program Compliance		<input type="checkbox"/> Yes	
4. Resolving Consumer Complaints		<input type="checkbox"/> Yes	
5. Licensing		<input type="checkbox"/> Yes	
6. Sanctions		<input type="checkbox"/> Yes	
7. Other			
b. Managed Care (Mental Health Managed Care)			Are Data for these programs reported on URS Tables?
4.b.1	Does the state have a Medicaid Managed Care initiative?	<input type="checkbox"/> Yes	<input type="checkbox"/> Yes
4.b.2	Does the State Mental Health Agency have any responsibilities for mental health services provided through Medicaid Managed Care?	<input type="checkbox"/> Yes	<input type="checkbox"/> Yes

If yes, please check the responsibilities the SMHA has:		
4.b.3	Direct contractual responsibility and oversight of the MCOs or BHOs	<input type="checkbox"/> Yes
4.b.4	Setting Standards for mental health services	<input type="checkbox"/> Yes
4.b.5	Coordination with state health and Medicaid agencies	<input type="checkbox"/> Yes
4.b.6	Resolving mental health consumer complaints	<input type="checkbox"/> Yes
4.b.7	Input in contract development	<input type="checkbox"/> Yes
4.b.8	Performance monitoring	<input type="checkbox"/> Yes
4.b.9	Other	

5 Data Reporting: Please describe the extent to which your information systems allows the generation of unduplicated client counts between different parts of your mental health system. Please respond in particular for Table MHBG13a and MHBG 13b, which require unduplicated counts of clients served across your entire mental health system.		
Are the data reporting in the tables?		
5.a.	Unduplicated: counted once even if they were served in both State hospitals and community programs and if they were served in community mental health agencies responsible for different geographic or programmatic areas.	<input type="checkbox"/>
5.b.	Duplicated: across state hospital and community programs	<input type="checkbox"/>
5.c.	Duplicated: within community programs	<input type="checkbox"/>
5.d.	Duplicated: Between Child and Adult Agencies	<input type="checkbox"/>
5.e.	Plans for Unduplication: If you are not currently able to provide unduplicated client counts across all parts of your mental health system, please describe your plans to get unduplicated client counts by the end of your Data Infrastructure Grant.

MHBG Table 13B (URS Table 14B). Profile of Persons with SMI/SED served by Age, Gender and Race/Ethnicity

This table requests counts for persons with SMI or SED using the definitions provided by SAMHSA. MHBG Table 11A and 11B (URS Table 2A and 2B) included all clients served by publicly operated or funded programs. This table counts only clients who meet the federal definition of SMI or SED. For many states, this table may be the same as MHBG Tables 11 A and 11B (URS Table 2A and 2B). For 2016, states should report using the Federal Definitions of SMI and SED if they can report them, if not, please report using your state’s definitions of SMI and SED and provide information below describing your state’s definition.

Please report the data under the categories listed - "Total" are calculated automatically.

Comments on Data (Overall):										

Note: Clients can be duplicated between Rows (e.g., The same client may be served in both state psychiatric hospitals and community mental health centers during the same year and thus would be reported in counts for both rows).

- ☐Data Based on Medicaid Services
- ☐Data Based on Medicaid Eligibility, not Medicaid Paid Services
- ☐People Served by Both, includes people with any Medicaid

Instructions:

- 1 States that have county psychiatric hospitals which serve, as surrogate state hospitals should report persons served in such settings as receiving services in state hospitals.
- 2 If forensic hospitals are part of the state mental health agency system, include them.
- 3 Persons who receive non-inpatient care in state psychiatric hospitals should be included in the Community MH Program Row
- 4 Persons, who receive inpatient psychiatric care through a private provider or medical provider licensed, or contracted through the SMHA, should be counted in the "Other Psychiatric Inpatient" row. Persons who receive Medicaid funded inpatient services through a provider that is not licensed or contracted by the SMHA should not be counted here.
- 5 A person who is served in both community settings and inpatient settings should be included in both rows
- 6 RTC: CMHS has a standardized definition of RTC for Children: “An organization, not licensed as a psychiatric hospital, whose primary purpose is the provision of individually planned programs of mental health treatment services in conjunction with residential care for children and youth primarily 17 years old and younger. It has a clinical program that is directed by a psychiatrist, psychologist, social worker, or psychiatric

nurse who has a master's degree or doctorate. The primary reason for the admission of the clients is mental illness that can be classified by either DSM-V or ICD-10 codes other than the codes for mental retardation, developmental disorders, and substance-related disorders such as drug abuse and alcoholism (unless these are co-occurring with a mental illness).”

E. Performance Data and Outcomes

MHBG Table 15A (URS Table 4) *Profile of Adult Clients by Employment Status*, MHBG Table 15A describes the status of adult clients served in the report year by the public mental health system in terms of employment status. The focus is on employment for the working age population, recognizing, however, that there are clients who are disabled, retired or who are homemakers, care-givers, etc., and not a part of the workforce. These persons should be reported under the, “Not in Labor Force” category. This category has two subcategories: retired and other (The total of these two categories should equal the number listed in the "Not in Labor Force" column). Unemployed refers to persons who are looking for work but have not found employment. Data should be reported for clients in non-institutional settings, at time of discharge or last evaluation.

MHBG Table 15B (URS Table 4A) *Profile of Adult Clients by Employment Status, by Primary Diagnosis Reported*, MHBG Table 15B request information on the status of adult clients served in the report year by the public mental health system in terms of employment status by primary diagnosis reported.

MHBG Table 16 (URS Table 9), *Social Connectedness and Improved Functioning*, MHBG Table 16 requests states and jurisdictions to provide information for youth and adults regarding Social Connectedness. In addition, states are requested to provide information on functional domains that provide a general sense of an individual’s ability to develop and maintain relationships, cope with challenges and a sense of community belonging.

MHBG Table 17A (URS Table 11), *Summary Profile of Client Evaluation of Care*, MHBG Table 17A requests information that evaluates the “experience” of care for individuals that participate in the public mental health system. Specifically, the evaluation focuses on several areas including access, quality and the appropriateness of services, participation in treatment planning and general satisfaction with services. Please provide unduplicated counts, if possible. This table provides an aggregate profile of persons served in the reporting year. The reporting year should be the latest state fiscal year for which data are available. This profile is based on a client's last known Living Situation.

MHBG Table 17B (URS Table 11A), *Consumer Evaluation of Care by Consumer Characteristics: Race/Ethnicity*, MHBG Table 17B requests information that evaluates the “experience” of care for individuals that participate in the public mental health system, broken down by race, ethnicity, and age category (adult or child/adolescent).

MHBG Table 18 (URS Table 15), *Living Situation Profile*, MHBG Table 18 requests information regarding the number of Individuals in Each Living Situation as collected by the most recent assessment in the reporting period. Specifically, information is collected on the

individual's last known living situation. Living situations include, but are not limited to, private residence, foster care, residential care, jail/correctional facility, homeless shelter and other.

MHBG Table 19 (URS Table 11), Summary Profile of Client Evaluation of Care, MHBG Table 19 Profile of Adults with Serious Mental Illness and Children with Serious Emotional Disturbances Receiving Specific Services. MHBG Table 19 requests information regarding the number and demographics of individuals that are receiving specific evidenced-based services. In addition, the table requests information on if and how States and Jurisdictions monitor the fidelity for the evidenced based services.

MHBG Table 19a (URS Table 16a), Adults with Serious Mental Illness and Children with Serious Emotion Disturbances receiving Service for First Episode Psychosis. Table 19a requests information regarding the number of individuals that are receiving evidenced-based services for first Episode Psychosis (FEP). In addition, the table requests information on if, and how, states and jurisdictions monitor the fidelity for the FEP evidenced-based services.

MHBG Table 20A (URS Table 16), *Profile of Adults with Serious Mental Illnesses and Children with Serious Emotional Disturbances Receiving Specific Services*, MHBG Table 20A requests information regarding the number and demographics of individuals that are receiving specific evidenced-based services. In addition, the table requests information on if, and how states and Jurisdictions monitor the fidelity for the evidenced based services.

MHBG Table 20B (URS Table 17), *Profile of Adults with Serious Mental Illnesses Receiving Specific Services during the Year*, MHBG Table 20B provides the number of unduplicated Adults with SMI receiving family psycho education, integrated treatment for co-occurring disorders, illness self-management and medication management.

MHBG Table 21 (URS Table 19A), *Profile of Criminal Justice or Juvenile Justice Involvement*, MHBG Table 21 requests information to measure the change in Arrests over time.

MHBG Table 22 (URS Table 19B), *Profile of Change in School Attendance*, MHBG Table 22 measures the change in days attended over time. Information requested includes information on suspensions, expelled, and changes in the school attendance.

MHBG Table 23A (URS Table 20A), *Profile of Non-Forensic (Voluntary and Civil-Involuntary) Patients Readmission to Any State Psychiatric Inpatient Hospital Within 30/180 Days of Discharge*, MHBG Table 23A provides the total number of discharges within the year, the number of readmissions within 30-days and 180-days and the percent readmitted by age, gender, race, and ethnicity.

MHBG Table 23B (URS Table 20B), *Profile of Forensic Patients Readmission to Any State Psychiatric Inpatient Hospital within 30/180 Days of Discharge*, MHBG Table 23B provides the total number of discharges within the year, the number of readmissions within 30-days and 180-days and the percent readmitted by age, gender, race, and ethnicity.

MHBG Table 24 (URS Table 21), *Profile of Non-Forensic (Voluntary and Civil-Involuntary Patients) Readmission to Any Psychiatric Inpatient Care Unit (State Operated or Other Psychiatric Inpatient Unit) within 30/180 Days of Discharge*, MHBG Table 24 provides the total number of discharges from inpatient care units within the year, the number of readmissions within 30-days and 180-days and the percent readmitted by age, gender, race, and ethnicity.

**MHBG Table 15A (URS Table 4) Profile of Adult Clients
by Employment Status**

This table describes the status of adult clients served in the reporting year by the public mental health system, in terms of employment status. The focus is on employment for the working age population, recognizing, however, there are clients who are disabled, retired, or who are homemakers, care-givers, etc., and not a part of the workforce. These persons should be reported in the “Not in Labor Force” category. This category has two subcategories: retired and other, (The total of these two categories should equal the number listed in the "Not in Labor Force" column). Unemployed refers to persons who are looking for work but have not found employment. Data should be reported for clients in non-institutional settings at time of discharge or last evaluation.

(Overall):

MHBG Table 15B (URS Table 4A), Optional Profile of Adult Clients by Employment Status: by Primary Diagnosis Reported

The workgroup exploring employment found that, the primary diagnosis of consumer results in major differences in employment status. The workgroup has recommended that we explore the ability of states to report employment by primary diagnosis and the impact of diagnosis on employment. The workgroup recommended 5 diagnostic clusters for reporting.

PLEASE DO NOT ADD, DELETE, OR MOVE ROWS, COLUMNS, OR CELLS.

2. Functioning				
Child/Adolescent Consumer Survey Results:		Number of Positive Responses	Responses	Percent Positive (calculated)
3. Social Connectedness				
4. Functioning				
Comments on Data:				
Adult Social Connectedness and Functioning Measures				
1. Did you use the recommended new Social Connectedness Questions? <input type="checkbox"/> Yes <input type="checkbox"/> No				Measure used
2: Did you use the recommended new Functioning Domain Questions? <input type="checkbox"/> Yes <input type="checkbox"/> No				Measure used
3. Did you collect these as part of your MHSIP Adult Consumer Survey? <input type="checkbox"/> Yes <input type="checkbox"/> No				
If no, what source did you use?				
Child/Family Social Connectedness and Functioning Measures				
4: Did you use the recommended new Social Connectedness Questions? <input type="checkbox"/> Yes <input type="checkbox"/> No				Measure used
5: Did you use the recommended new Functioning Domain Questions? <input type="checkbox"/> Yes <input type="checkbox"/> No				Measure used
6. Did you collect these as part of your YSS-F Survey? <input type="checkbox"/> Yes <input type="checkbox"/> No				
If No, what source did you use?				
Recommended Scoring Rules				
Please use the same rules for reporting Social connectedness and Functioning Domain scores as for calculating				
other Consumer Survey Domain scores for Table MHBG Table 18a: E.g.:				
1. Recode ratings of “not applicable” as missing values.				
2. Exclude respondents with more than ¹ / ₃ of the items in that domain missing.				

3. Calculate the mean of the items for each respondent.			
4. FOR ADULTS: calculate the percent of scores less than 2.5 (percent agree and strongly agree).			
5. FOR YSS-F: calculate the percent of scores greater than 3.5 (percent agree and strongly agree).

6.b How many survey Contacts were made? (surveys to valid phone numbers or addresses)				
6.c How many surveys were completed? (survey forms returned or calls completed)				
6.d. What was your response rate? (number of Completed surveys divided by number of Contacts)				
6.e. If you receive "blank" surveys back from consumers (surveys with no responses on them), did you count these surveys as "completed" for the calculation of response rates?				
7. Who Conducted the Survey				
7.a. SMHA Conducted or contracted for the Survey (survey done at state level)				
7.b. Local Mental Health Providers/County mental health providers conducted or contracted for the survey				
(survey was done at the local or regional level)				
7.c. Other: Describe:				

* Report Confidence Intervals at the 95 percent confidence level

Note: The confidence interval is the plus-or-minus figure usually reported in newspaper or television opinion poll results. For example, if you use a confidence interval of 4 and 47 percent of your sample picks an answer you can be "sure" that if you had asked the question of the entire relevant population between 43 percent (47-4) and 51 percent (47+4) would have picked that answer.

The confidence level tells you how sure you can be. It is expressed as a percentage and represents how often the true percentage of the population who would pick an answer lies within the confidence interval. The 95 percent confidence level means you can be 95 percent certain; the 99 percent confidence level means you can be 99 percent certain. Most researchers use the 95 percent confidence level.

When you put the confidence level and the confidence interval together, you can say that you are 95 percent sure that the true percentage of the population is between 43 percent and 51 percent. (From www.surveysystem.com)

Child/Family Consumer Surveys

1. Was the MHSIP Children/Family Survey (YSS-F) Used?

If No, what survey did you use?

If no, please attach instrument used.

1.c. Did you use any translations of the Child MHSIP into another language?

2. Other Language:

Child Survey Approach:

2. Populations covered in survey? (Note: all surveys should cover all regions of state)

2.a. If a sample was used, what sample methodology was used?

3. Other Sample:

2.b Do you survey only people currently in services, or do you also Survey Persons no longer in service?

2a. If yes to 2, please describe how your survey persons no longer receiving services.

3. Please Describe the populations included in your sample: (e.g., all children, only children with SED, etc.)

**Number of Clients in Each Living Situation as Collected by the Most Recent Assessment in the Reporting Period
All Mental Health Programs by Age, Gender, and Race/Ethnicity**

Please provide unduplicated counts, if possible. This table provides an aggregate profile of persons served in the reporting year. The reporting year should be the latest state fiscal year for which data are available. This profile is based on a client's last known Living Situation.

PLEASE DO NOT ADD, DELETE, OR MOVE ROWS, COLUMNS, OR CELLS.

Please report the data under the Living Situation categories listed - "Total" are calculated automatically.

MHBG Table 21 (URS Table 19a) Profile of Criminal Justice or Juvenile Justice Involvement:

PLEASE DO NOT ADD, DELETE, OR MOVE ROWS, COLUMNS, OR CELLS.

1. The SAMHSA National Outcome Measure for Criminal Justice measures the change in Arrests over time. The DIG Outcomes Workgroup pilot tested 3 consumer self-report items that can be used to provide this information. If your state has used the 3 Consumer self-report items on criminal justice, you may report them here.
2. If your SMHA has data on Arrest records from alternatives sources, you may also report that here. If you only have data for arrests for consumers in this year, please report that in the T2 columns. If you can calculate the change in Arrests from T1 to T2, please use all those columns.
3. Please complete the check boxes at the bottom of the table to help explain the data sources that you used to complete this table.
4. Please tell us anything else that would help us to understand your indicator (e.g., list survey or MIS questions; describe linking methodology and data sources; specify time period for criminal justice involvement; explain whether treatment data are collected)

State

Time period in which services were received

Please Describe the Sources of your Criminal Justice Data			
Source of adult criminal justice information	<input type="checkbox"/> 1) Consumer survey (recommended questions) <input type="checkbox"/> 4) State criminal justice agency	<input type="checkbox"/> 2) Other Consumer Survey: Please send copy of questions <input type="checkbox"/> 5) Local criminal justice agency	<input type="checkbox"/> 3) Mental health MIS <input type="checkbox"/> 6) Other (specify)_____
Sources of children/youth criminal justice Information:	<input type="checkbox"/> 1) Consumer survey (recommended questions) <input type="checkbox"/> 4) State criminal/juvenile justice agency	<input type="checkbox"/> 2) Other Consumer Survey: Please send copy of questions <input type="checkbox"/> 5) Local criminal/juvenile justice agency	<input type="checkbox"/> 3)Mental health MIS <input type="checkbox"/> 6) Other (specify)_____
Measure of adult criminal Involvement:	<input type="checkbox"/> 1) Arrests	<input type="checkbox"/> 2) Other (specify):	
Measure of children/youth criminal justice Involvement:	<input type="checkbox"/> 1) Arrests	<input type="checkbox"/> 2) Other (specify):	
Mental health programs included:	<input type="checkbox"/> 1) Adults with SMI only <input type="checkbox"/> 1) Children with SED only	<input type="checkbox"/> 2) Other adults (specify)_____ <input type="checkbox"/> 2) Other Children (specify)	<input type="checkbox"/> 3) Both (all adults) <input type="checkbox"/> 3) Both (all Children)
Region for which adult data are reported:	<input type="checkbox"/> 1) The whole state	<input type="checkbox"/> 2) Less than the whole state (please describe):	
Region for which children/youth data are reported:	<input type="checkbox"/> 1) The whole state	<input type="checkbox"/> 2) Less than the whole state (please describe):	
What is the Total Number of Persons Surveyed, or for whom Criminal Justice Data are Reported			
	Child/Adolescents	Adults	
1. If data is from survey, what is the total number of people from which the sample was drawn?	<input type="text"/>	<input type="text"/>	
2. What was your sample size (How many individuals were selected for the sample)?	<input type="text"/>	<input type="text"/>	
3. How many survey Contracts were made (surveys to valid phone numbers or addresses)?	<input type="text"/>	<input type="text"/>	
4. How many surveys were completed (survey forms returned or calls completed), if data source was not a Survey. How many persons were CJ data available for?	<input type="text"/>	<input type="text"/>	
5. What was your response rate? (number of completed surveys divided by number of Contracts):	<input type="text"/>	<input type="text"/>	
State Comments/Notes:			
Instructions:			
If you have responses to a survey by person not in the expected age group, you should include those responses with other responses from the survey (e.g., if a 16 or 17 year old responds to the Adult MHSIP survey, please include their responses in the Adult categories, since that was the survey they used).			

Table 22 (URS Table 19b) Profile of Change in School Attendance

PLEASE DO NOT ADD, DELETE, OR MOVE ROWS, COLUMNS, OR CELLS.

1. The SAMHSA National Outcome Measure for School Attendance measures the change in days attended over time. The DIG Outcomes Workgroup pilot tested 3 consumer self-report items that can be used to provide this information. If your state has used the 3 Consumer Self-Report items on School Attendance, you may report them here.
2. If your SMHA has data on School Attendance from alternatives sources, you may also report that here. If you only have data for School attendance for consumers in this year, please report that in the T2 columns. If you can calculate the change in Attendance from T1 to T2, please use all these columns.
3. Please complete the check boxes at the bottom of the table to help explain the data sources that you used to complete this table.
4. Please tell us anything else that would help us to understand your indicator (e.g., list survey or MIS questions; describe linking methodology and data sources; specify time period for criminal justice involvement; explain whether treatment data are collected).

Region for which data are reported: 1) The whole state 2) Less than the whole state (please describe)																													
What is the Total Number of Persons Surveyed or for whom School Attendance Data Are Reported																													
Child/Adolescents																													
1. If data is from a survey, What is the total Number of people from which the sample was drawn?																													
2. What was your sample size? (How many individuals were selected for the sample)?																													
3. How many survey Contacts were made? (surveys to valid phone numbers or addresses)																													
4. How many surveys were completed? (survey forms returned or calls completed) If data source was not a Survey, How many persons were data available for?																													
5. What was your response rate? (number of Completed surveys divided by number of Contacts)																													

Items to Score in the Functioning Domain:

Adult MHSIP Functioning Domain:

- 1 I do things that are more meaningful to me.
- 2 I am better able to take care of my needs.
- 3 I am better able to handle things when they go wrong.
- 4 I am better able to do things that I want to do.
- 5 My Symptoms are not bothering me as much (this question already is part of the MHSIP Adult Survey)

YSS-F Functioning Domain Items:

- 1 My child is better able to do things he or she wants to do.
- 2 My child is better at handling daily life. (existing YSS-F Survey item)
- 3 My child gets along better with family members. (existing YSS-F Survey item)
- 4 My child gets along better with friends and other people. (existing YSS-F Survey item)
- 5 My child is doing better in school and/or work. (existing YSS-F Survey item)
- 6 My child is better able to cope when things go wrong. (existing YSS-F Survey item)

Items to Score in the Social Connectedness Domain:

Adult MHSIP Social Connectedness Domain:

- 1 I am happy with the friendships I have.
- 2 I have people with whom I can do enjoyable things.
- 3 I feel I belong in my community.
- 4 In a crisis, I would have the support I need from family or friends.

YSS-F Social Connectedness Domain Items:

- 1 I know people who will listen and understand me when I need to talk
- 2 I have people that I am comfortable talking with about my child's problems.
- 3 In a crisis, I would have the support I need from family or friends.
- 4 I have people with whom I can do enjoyable things
